

# Summer 2024 VolunTeen Program

## Join Nemours for a revitalized summer volunteer program for teens in Jacksonville

Through volunteering, teens gain valuable experience, marketable skills, and an appreciation for community service. Teen volunteers selected for this program will rotate through different divisions of Nemours Children's Health, learning about how our clinic works and how we serve our community. The focus will be on engaging pediatric patients while exposing teens to a variety of career opportunities in the healthcare field.

This program will be offered from June 17 through August 2. Teens will volunteer at least one day a week, Monday through Friday, from 8am to 5pm. Volunteers *must* commit to serving at least six of those seven weeks. This will allow teens to volunteer a minimum of 50 hours over the summer, with the opportunity to earn more if they choose.

### Space is limited

Not everyone that applies will be accepted. If an individual is not selected for this program, there are other volunteer opportunities year-round at Nemours in Jacksonville.

### Want to learn more?

Email [jaxvolunteers@nemours.org](mailto:jaxvolunteers@nemours.org) for more information on this program, its application process, and our other opportunities. Application packets for the Summer 2024 VolunTeen Program are due by Friday, April 5.
